

Caring Program for Children

Did you know that uninsured children in Michigan can get affordable health coverage through the MIChild program?

MIChild, a program run by the Michigan Department of Community Health, provides health and dental care coverage to uninsured children in Michigan through several health insurers, and three dental insurers. Coverage is only \$10 per month per family. The premium will provide coverage for:

- Oral exams and routine check up's including teeth cleaning
- Emergency care
- Hospital treatment
- Drugs
- Well baby and child care visits
- Health exams
- Shots
- Vision and hearing care and more...
